PLUS A DESIGN AS ADVANCED AS THE MATERIAL IT'S MADE OF.

There's a lot of titanium out there. But only the Cleveland VAS Titanium has the patented inset hosel that allows the clubhead to square itself naturally, which means you'll hit straighter, more accurate shots. And the Vibration Absorbing System® will make you feel better doing it. For a Cleveland demo center near you, call 1-800-739-3355.
